Milton Fishing Club Booster / Milton High School Fishing Club

Dear Potential Fishing Club Sponsor:

The Milton High School Fishing Club has been in existence for the last 10 years. During this short period of time, we have seen a large increase in the number of students that have joined with over 60 members in 2024/2025. Over the last 10 years we have made some great investments in the Club to keep the kids competitive in their fishing tournaments. Some of these investments include an enclosed trailer, Snow Dog track machine, GPS unit, Beaver Dam tip Ups, and St. Croix ice fishing rods. None of these investments could have happened without the support of companies like yours.

Please consider a donation to the Fishing Club. The money donated to the Milton High School Fishing Club will be used for:

- Transportation to and from fishing tournaments
- Housing rental for WIFA tournament
- Bait/supplies needed for fishing tournaments
- Equipment so that each student can participate in the club
- Official Fishing Club apparel (will contain logos of Platinum, Gold, Silver and Bronze Sponsors)

The Milton Fishing Club Booster is a nonprofit organization, 509 (a) (2) EIN 93-3966431, so your donation is tax deductible (subject to whatever limits apply to your business tax situation).

Please see the sponsorship form on the back of this page and instructions on how to complete and return the form. Thank you so much for your support!
